TO: Each Health Deputy

FROM: John Viernes, Jr., Director 
Alcohol and Drug Program Administration

SUBJECT: **FUNDING AUGMENTATIONS FOR VARIOUS DRUG/MEDI-CAL CONTRACTS**

This is to inform you that we plan to amend the County estimated maximum obligation and corresponding maximum allocation for various Drug/Medi-Cal (DMC) agencies using the delegated authority granted by the Board on June 10, 2008 (Board Agenda Synopsis #31). The agencies' agreements provide flexibility to adjust funding allocations, and contain provisions that authorize the Director of Public Health or his designee to make such funding changes.

The six DMC agencies requesting funding changes are Dicta Health Services (Dicta), GB Medical Services, Inc. (GBMS), Independence Community Treatment Clinic (ICTC), Maternity House, LLC (Maternity), Remah Health Services, Inc. (RHS), and Trinity Plus Healthcare Services, Inc. (TPHS). Dicta, GBMS, RHS, and TPHS are requesting to increase funding for Outpatient Drug Free Counseling Services (ODF) and Day Care Habilitative (DCH). ICTC is requesting to increase funding for ODF. Maternity is requesting to increase funding for Perinatal Residential Habilitative Services. TPHS is requesting to reallocate funding from DCH to ODF. Alcohol and Drug Program Administration has reviewed contract utilization by each of these agencies and recommends approval of these requests.

I am recommending the funding increases based on the Sobky v. Smoley court litigation which allowed agencies to request additional funds to cover persons eligible for DMC services. The current and proposed funding amounts are as indicated in Attachment 1 (Description of the services affected by this amendment) and Attachment 2 (Agency's current and proposed funding amounts).

Drug/Medi-Cal Services - Description

Outpatient Drug Free Services (Federal Drug/Medi-Cal)

Outpatient drug free services include crisis intervention, counseling, and client referral services for people who are Medi-Cal eligible. Clients receive counseling at least twice within each thirty (30) day period.

Day Care Habilitative Services (Federal Drug/Medi-Cal)

Day care habilitative services are non-residential programs which provide counseling and rehabilitation services to people who are Medi-Cal eligible. Clients participate in scheduled, formalized services three (3) or more hours per day, but less than twenty-four (24) hours, throughout the day at least three (3) times per week. Program services are available for a minimum of six (6) hours per day, six (6) days per week.

Perinatal Residential Habilitative Services (Federal Drug/Medi-Cal)

Perinatal residential habilitative services are provided within non-institutional residential facilities where pregnant and postpartum women who use alcohol and/or other drugs are supported in their efforts to restore, maintain and apply interpersonal and independent living skills, and access community support systems. Programs provide a range of activities and services for individuals who would be at risk of hospitalization or other institutional placement if they were not in a residential treatment program. This is a structured program with services available twenty-four (24) hours a day, seven (7) days a week.
